

Programme of the Scientific Workshops From November 29th, to December 3rd, 2023

Wednesday, November 29th, 2023

Universe Pavilion

- Planets and exoplanets (11.00 am) - Large Public
- The sky map (2.30 pm) - 7th, 8th, and 9th levels of basic school education and secondary school

Explora Pavilion

- Light and optical principles (11.30 am) - 7th, 8th, and 9th levels of basic school education
- Flight simulation (3.00 pm) - 7th, 8th, and 9th levels of basic school education and secondary school
- Heron's fountain (4.00 pm) - 7th, 8th, and 9th levels of basic school education

Life and Man on Earth Pavilion

- Climatic changes: a red alert (10.30 am) - Large Public
- The heart: a tireless pump (3.30 pm) - Primary school

Temporary exhibitions Pavilion

- Muscles (2.00 pm) - Large public

Thursday, November 30th, 2023

Universe Pavilion

- Astronomical phenomena (11.00 am) - Large Public
- From the Earth to the Universe (2.30 pm) - Large Public

Explora Pavilion

- Essential oils (11.30 pm) - Large Public

- The skeleton (3.30 pm) - Primary school

Life and Man on Earth Pavilion

- Rocks (10.30 am) - Large Public
- Adaptation of animals to cold weather (3.00 pm) - 7th, 8th, and 9th levels of basic school education

Temporary exhibitions Pavilion

- Mathematics (12.00 pm) - 7th, 8th, and 9th levels of basic school education
- Renewable energies (2.00 pm) - 7th, 8th, and 9th levels of basic school education

Friday, December 1st, 2023

Universe Pavilion

- Moon phases (11.00 am) - Large Public
- Artemis project (3.00 pm) - 7th, 8th, and 9th levels of basic school education and secondary school

Explora Pavilion

- Folioscope (11.30 am) - 7th, 8th, and 9th levels of basic school education
- Funny chemistry (3.30 pm) - Primary school

Life and Man on Earth Pavilion

- Greenhouse gases effect (10.30 am) - Large Public
- Rocks (3.30 pm) - Primary school

Temporary exhibitions Pavilion

- Renewable energies (12.00 pm) - 7th, 8th, and 9th levels of basic school education
- Mathematics (2.00 pm) - 7th, 8th, and 9th levels of basic school education

Saturday, December 2nd 2023

Universe Pavilion

- Observation of the Sun (11.00 am) - Large Public
- The International Space Station ISS (3.00 pm) - Large public

Explora Pavilion

- Pressure and emptiness (11.30 am) - Large public
- The Bee Bot (4.00 pm) - Primary school

Life and Man on Earth Pavilion

- Adaptation of animals to cold weather (10.30 am) - 7th, 8th, and 9th levels of basic school education and secondary school
- Animals locomotion (3.30 pm) - primary school

Temporary exhibitions Pavilion

- Muscles (12.00 pm) - Large public

Sunday, November 3rd, 2023

Universe Pavilion

- The Solar System (12.00 pm) - Large public

Explora Pavilion

- Pressure and emptiness (12.30 pm) - Large public
